

# ENHANCE COLLABORATION

## Logitech Video Collaboration Group Portfolio

Logitech® is changing the way teams collaborate, opening new possibilities and eliminating old boundaries by offering a range of brilliantly designed collaboration tools that are so intuitive, people actually love to use them. Logitech's portfolio of business-grade webcams, headsets and conference cameras enable collaboration from the desktop to the meeting room.

The Logitech ConferenceCam lineup provides both razor sharp video and crystal clear audio that is so amazingly affordable – any meeting place can now be a video collaboration space.

USB plug-and-play connectivity makes Logitech Collaboration tools a breeze to deploy and use within your own familiar

computing environment with any video conferencing software application – including the ones you already use. Simply connect a laptop and start a meeting.

From personal workspaces to large-sized conference rooms, Logitech helps enhance collaboration and productivity with tools that adapt to the way people work.
